# Core Focus on Math

## TEXTBOOK SCAVENGER HUNT

What is the title of the book?

What do you think the title tells you about what is inside?

Find an "Explore!" in a lesson. (Note: not every lesson has one.) What color line is next to the "Explore!"?

Why do you think there are "Explore!" activities in the textbook?

The textbook has four sections. They are not called Chapters. What are they called?

Look at the Glossary in the back of the book. What page does it start on?

Find the term "trapezoid". Copy the picture that is shown in the glossary for this term.

What page do the "Selected Answers" start on?

How might the "Selected Answers" be useful when you are doing math problems from the textbook?

Each Block in the book has a Tic-Tac-Toe board. Find the Tic-Tac-Toe board for Block 1. Which activity would you choose off the board and why?

Choose a lesson from the textbook. What color of vertical line is next to each Example?

How might Examples be useful to you if you are working to complete a homework assignment?

What color box is the learning target found in for each lesson (look for the bull's-eye)?

What does the learning target tell you about the lesson?
